Spider Plant

Plant Size
» Medium- 149/-
» Large- 299/-
* Additional 100/-
for Ceramic Pot

Plant Size
» Medium- 149/-
» Large- 299/-
* Additional 100/-
for Ceramic Pot

The jade plant is an evergreen with thick, shiny, smooth leaves that grow in opposing pairs along the branches. Many people enjoy growing jade plants in their homes and offices, and they are considered to be symbols of good luck.

Spider Plant is an evergreen, perennial plant with tuberous roots and tuft appearance. At height and diameter it does not exceed 50 cm, but it can be spread on the ground and cover a considerable area. Its foliage is of medium density, and has a fine texture.

Gloden Lemon Lime

Plant Size
» Medium- 149/-
» Large- 299/-
* Additional 100/-
for Ceramic Pot

Monestera Adenisonii

Plant Size
» Medium- 199/-
» Large- 349/-
* Additional 100/-
for Ceramic Pot

An easy to grow houseplant, 'Lemon Lime' Philodendron brings trailing foliage in shades of bright yellow to chartreuse. Its cascading stems can grow quite long, 'Lemon Lime' Philodendron will thrive in many different light conditions, including low light areas, but prefers bright indirect light.

Adansonii is arguably the cheesiest of monstera with lacy holes and notches, and Its leaves are more perforated and delicate than deliciosa's and the plant is petite in comparison. adansonii has a trailing quality that makes it a good pick for office and home decor.
